

THERAPEUTIC ADVENTURES - WAYS OF GIVING

INVEST IN *INDEPENDENCE*

Providing Access to the Outdoors for Persons with Differing Abilities

PLAN FOR THE FUTURE

You can share your passion for access to adaptive outdoor recreation, safety and conservation with future generations of outdoor enthusiasts through a bequest to Therapeutic Adventures. If you have already named Therapeutic Adventures in your will, please notify us so we can thank you. For information on how to include Therapeutic Adventures in your will or to learn about charitable gifts that produce income, contact the **Planned Giving** office at 434.295.3973 P.O. Box 4668 Charlottesville, VA 22905 or e-mail at: adaptive.guide@gmail.com

SCHOLARSHIPS

Passport to Adaptive Outdoor Adventures

our scholarship program so others with differing abilities may enjoy greater access and freedom in the outdoors!

Over the past twenty-five years, more than one thousand clients have participated in a wide variety of special therapeutic programs and camps including: alpine and nordic skiing, snowboarding, snow shoeing, sailing, fly fishing, kayaking, canoeing, camping, and backpacking. We are pleased to report that Therapeutic Adventures has never denied an individual the opportunity to participate in any of our adaptive outdoor programs due to an inability to pay.

In order to keep our programs affordable, we have provided both partial and full scholarships to ALL of our clients. The fees charged to clients do not reflect the overall cost of operating an adaptive program. Through donations and scholarships, we have been able to underwrite the partial or full cost of operating our programs. Using our trained and enthusiastic volunteers to help staff our programs enables us to reduce expenses. We are grateful for the generous volunteer assistance and other contributions and donations that make it feasible for us to offset the total expense of

providing adaptive outdoor programs. This is just one of the many ways that we work to serve you.
